Typeface & Color

Arial is the default typeface with a line-height of 1.42857143 (10:7). If the Finacial Institution has selected a widget heading font in the Admin Platform tool then Heading 1 will take that font.

Font color are Hex #333333 or #666666. These font colors guarantee compliance with WCAG AA accessibility guidelines if used on a white background or on a gray call out Hex #ededed.

Heading 1 Arial 28px #333333, line-height 40px

Heading 2 Arial 24px #333333, line-height 34px

Subheading Arial 18px #333333, line-height 26px

Main font size Arial 16px #333333 or Arial #666666, line-height 23px

For long paragraph Arial 14px #666666, line-height 20px

Legal text Arial 13px #666666, line-height 19px

[Links](#) (#0055CC in case of FI then FI Color) inherit the size of body font size.

Success Heading Arial 24px #2E6F03

Success messages Arial 14px #2E6F03

Error messages 14px #C90202

Typography by resolution

If the specifications call for a constant font size across all break points then use the following class:

Screen size	Heading 1	Heading 2	Heading 3	Body text	Small	Legal
Large	28 px	24 px	18 px	16 px	14 px	13 px
Medium	28 px	24 px	18 px	16 px	14 px	13 px
Small	28 px	24 px	18 px	16 px	14 px	13 px
XS	24 px	22 px	16 px	14 px	14 px	13 px

#333333 is default font color, if the text is #666666 add class: text-light
