Reports ▼	Last run date	

⚠ Unable to load the list of reports.

Try again later.

## Error message

Page level errors - any that do not entail the user changing something in an entry field are placed directly below the header at the top of the page.

Examples:

Payments

⚠ **Unable to process payment .** Try again later.

◉ Make payments　　◯ Collect payments　　◯ Upload pass through file

How do you want to pay?

[Use a template ▼]

[Enter a template name]

If the form is very long – the error message can go directly above the buttons.

Examples:

▶ **Savings *9876**
$285,000

⚠ **Please fix the following form fields before saving:** First Name, Last Name.

[Save]　[Cancel]

Input field error message

Examples:

Payment information
